Register

Uniportal is the only entrance provided by Huawei to authenticate the identity of external users. Your Uniportal account and login information will be shared between Huawei services.

Welcome to Our Website

Registering for a free account gives you a number of additional benefits, including access to additional valuable information that you can browse or download, and much more.

Register

3. Create a Huawei Uniportal account:

Use the same email address that you used to apply for Seeds for the Future program. If you need to use another email address to register on iLearningX, please notify your local PR in advance in case there's any problem when extracting study data.

9. Prior to study any course, please check your account information and provide the iLearningX “User ID ”to Huawei local crew, so that we are able to check your study progress.

The image displays three screenshots of the iLearningX web interface to guide users through account management.

Step 1: Click your account
The first screenshot shows the iLearningX homepage. In the top right corner, the user's name "Seeds_Admin" is circled in orange, indicating where to click to access account settings.

Step 2: Click your profile photo
The second screenshot shows the user's profile page. The profile picture, which includes the name "梁嘉怡" and "Data Integrity 0%", is circled in orange.

Step 3: Here's your iLearningX User ID
The third screenshot shows the "Account Information" tab. The "User ID 00525567" is circled in orange. Below this, there is a section for "Individual Resume" with a text area for a brief introduction.

10. Click the course you want to study to enroll and start your journey.

The screenshot shows the iLearningX website interface. At the top, there is a dark navigation bar with links for Home, Mobile App, Log in / Register, and a language toggle set to 中文. Below this is a white header with the iLearningX logo and navigation links for Home, Courses, Exam, and Lives. A search bar is also present. The main content area features a course card for '5G Basic: Introduction to 5G Knowledge'. The card includes a video thumbnail with the text 'Everyone Learns 5G Introduction to 5G Knowledge', a 'Free' label, and a blue 'Enroll Now' button which is circled in orange. To the right of the card, there is a description of the course and a list of icons. Below the course card, there are tabs for 'Course Information', 'Course Outline', and 'Rating', with 'Course Information' being the active tab.

14. Discussion Section

Feel free to “Create New Post” to leave comments and questions on any course at the “Discussion” section under the homepage. Tech teachers will get back to you within 24 hours.

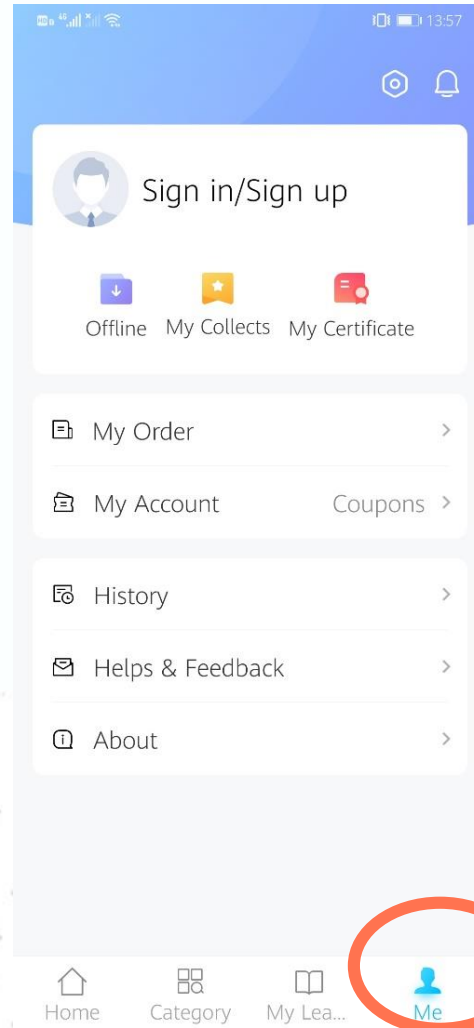

15. You can also participate the whole program through iLearningX on mobile phone. Please Make sure the default language of your mobile phone is English.

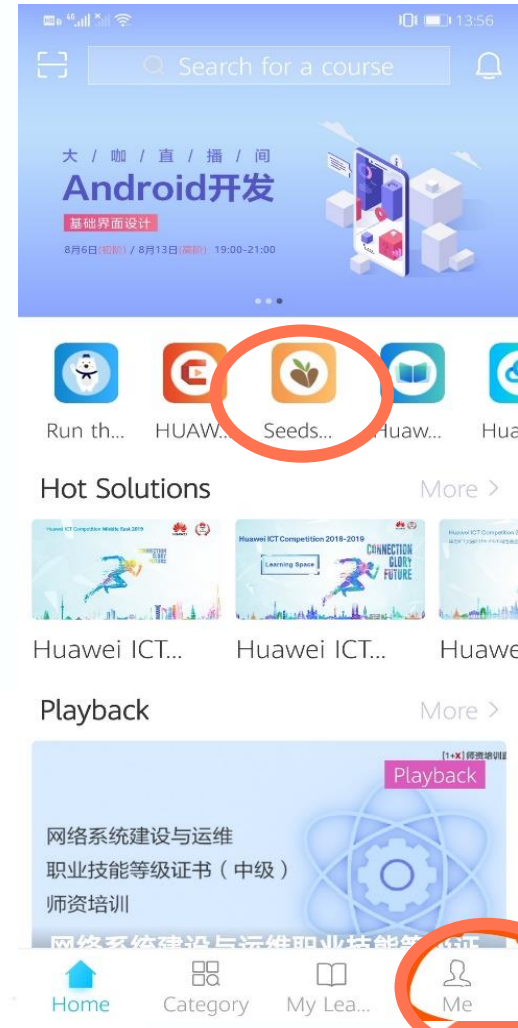

Step 1: Download iLearningX in APP market

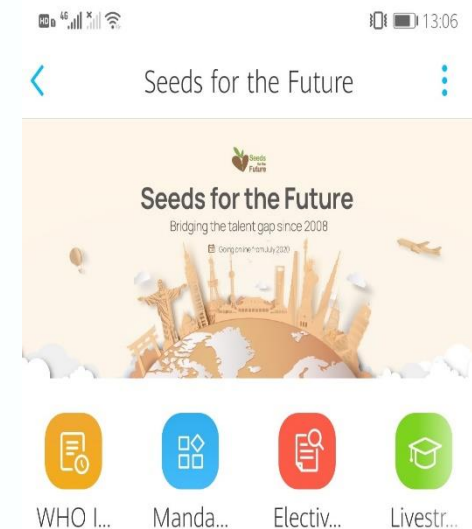

Step 2: Log in with your user ID and password

Step 3: Click "Seeds for the Future" to access

Step 4: Start your Seeds journey on your phone

16. Please complete the “Post-program Survey” after the program to help us better shape the online program.

The screenshot displays the iLearningX platform interface for 'Seeds For The Future'. At the top, the iLearningX and Seeds For The Future logos are visible. The main header features the text 'Seeds For The Future' and 'Bridging the talent gap since 2008', along with a note 'Going online from July 2020'. A navigation bar includes links for 'Mandatory Curriculum', 'Discovering Huawei', 'Exploring Hot Topics', 'Modern and Traditional China', 'Program Survey' (highlighted with a red circle), and 'Discussion'. A search bar is located on the right. On the left, a sidebar shows filters for '全部 (2)', 'Pre-program', and 'Post-program'. The main content area displays two survey cards: 'Pre-program Survey' and 'Post-program Satisfaction Survey' (highlighted with a red rectangle). Both cards show a 4.8 rating, 679 reviews, and are marked as '免费' (free).

Seeds For The Future

III. Frequently Asked Questions

FAQs

1. Which browsers are compatible with iLearningX?

Google Chrome version 58.X.X or later is recommended for the best performance and experience.

2. What are the requirements of iLearningX for the network and network speed?

It is recommended that the network is more stable in the upstream direction, and internet access through a private line with higher bandwidth.

If the external network is used, the network rate of 100 Mbit/s or higher is recommended.

3. What can I do if it take too long to open a course or load videos?

Step 1: Open the page again.

Step 2: Check the network. The recommended network speed is 100 Mbit/s.

4. How can I gain scores of each course?

Each ICT course has 100 points, you need to answer the quiz and final exam to gain scores. When you finish answering the questions, please submit, then you will get your points for this section.

FAQs

5. Does the system take my highest score as my final score?

The system takes your latest score (since it registers your latest answers) and not the highest, as your final score. So, if you already gave the correct answer for one question, don't change it any more.

6. How many attempts do I have?

There are 3 types of questions: true or false, single-choice and multi-choice, different types have different amounts of attempts. Generally speaking, the more difficult the question is, the more attempts are available.

8. Which of the following statements about the number of 5G smart phone antennas are correct?

☒ 1T2R ✖

☐ 2T2R

☐ 2T4R

☐ 4T4R

Submit You have used 1 of 3 attempts

☐ Option 3

☐ Option 4

☐ Option 3X

☐ Option 2

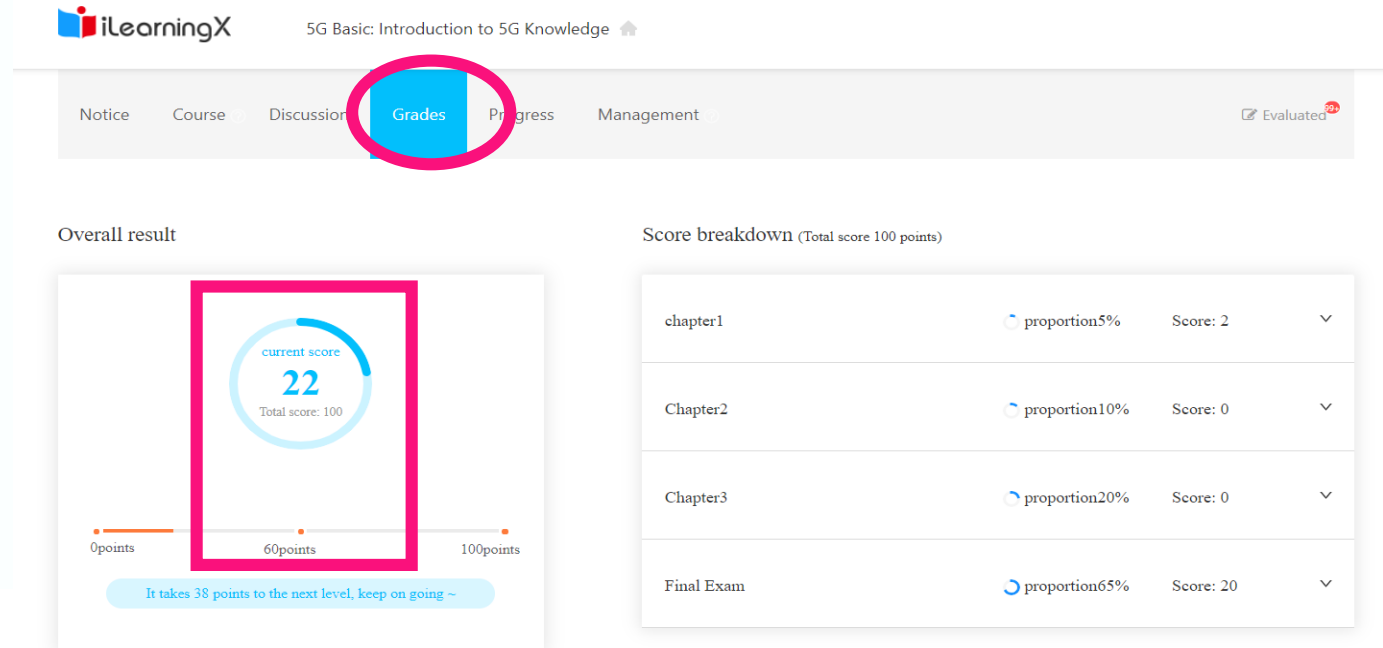

Submit You have used 0 of 5 attempts

Save

FAQs

7. How can I check my score?

You can review your score in the "Grades" section. The total shows your total score, which consists of final exam in each chapter. It's required to get at least 60 points out of 100 for mandatory course.

8. What should I do if I didn't pass the exam (didn't get at least 60 points) after running out of attempts?

The chances are fair for all students. If for any reason you studied really hard but failed, please reach out to your local Huawei Seeds for the Future contact person to discuss your case.

FAQs

9. How can I rate and leave comments for a certain course?

Feel free leave your feedback in the "Rating" section of each course. We encourage you to share your thoughts with other participants worldwide. Cross-cultural communication is the charm of the program. Your voice is important for us, every post relevant to the program will be treated seriously, our instructors and team will reply to you ASAP.

FAQs

10. If I have a question about the course or I want to discuss with other students from different countries, what should I do?

Leave your messages or make a post in the "Discussion" section of the main menu where all students, lecturers or Seeds Admin can exchange ideas freely.

FAQs

11. Can I continue to learn after the program?

Yes, your account will still be active and have access to all the prerecorded courses. We will keep developing new courses, we welcome you to further explore them.

12. Why is my name not showing on the live-stream attendee list although I attended the whole session?

This may be due to a **mismatch** between [**your name or E-mail address you used for Zoom meeting**] and [**your information you used to sign up for the program**]. We can only identify the livestream data with the information you provided to your Huawei local contact person.

Please remember: **Use 1 name and 1 E-mail address throughout the program.**

Check the information you use to enter live session. If you were not asked to input your information when entering live session, maybe you have a default ZOOM account on your device and it opens automatically. In this case, please check the name and contact your Huawei local contact person to avoid any misunderstanding.

FAQs

13. I received a notification about my account being enrolled in the "audit track". Does it affect my graduation and certificate?

Your enrollment: Audit track

You are enrolled in the audit track for this course. The audit track does not include a certificate.

NO, it won't affect your graduation or certificate issuance. Please note that we have set up **a unique certificate for the entire Seeds for the Future program** based on **our Graduation Criteria**, which considers different aspects such as grades in multiple courses and livestream sessions attendance. As long as the graduation criteria is met, every student will be awarded a certificate.

Please don't worry about the AUDIT TRACK notification. In the ilearningX platform, you just need to pay attention to completing the courses and passing the exams.
